We would like to invite you for the **3rd International Symposium of Soil Physics**. Since last three years, our Symposium is a good platform for presentation yours result and scientific discussion. One of aims is focus on young researchers doing first steps in great scientist space.

Our meeting is dedicated to all soil scientists interested in soil, especially physical properties and using physical methods in environmental investigation.

Usually, we start Symposium with the social evening. At the second day the oral presentations and poster session will be presented. More information you can find on our website. [www.symposoil.pl](http://www.symposoil.pl). All participants are required to register online through the Symposium website.

**Please, send abstracts until the 15<sup>th</sup> of January. Abstracts should be sent through form on the Symposium website.**

**The participation in the Symposium is free of charge. Participants pay only for travel and accommodation.**
